Caviar Fash Packs for Food Lovers
with Hôtel la Trémoille

November 2011: Elegant and classic or bright and fashionable? Hôtel la Trémoille adds a whimsical touch to the traditional world of caviar with the launch of the hotel's new 'Flavours of Paris' package.

Maison Kaviari's *l'en-K de Caviar*® is the hottest, jet-set nibble and the latest must have in Paris' chic Golden Triangle. Available in six colours – from flashy pink to sensuous black - the fashion friendly packs contain 15 grams of Ostreta or Kristal caviar and a tasting spoon. Ideal paired with a glass of bubbly or simply to eat on-the-go when that 'caviar' moment calls.

The package also includes an optional, tailored culinary walk with expert guides and in groups of no more than six. [Context Travel](#)'s 'Baguette to Bistro' walk delves into the delectable world of Parisian culinary traditions. Sample carefully aged regional cheeses in specialty shops and learn to distinguish a simple baguette in the best boulangeries...

Lying in pole position in the heart of Paris and standing elegantly off Avenue Montaigne and the Champs Elysées, Hôtel la Trémoille's jazzy art deco interiors have an infectious buzz. Flavours of Paris costs from €548 (based on two sharing a standard double room) and includes:

- An overnight stay for two including breakfast
- Two glasses of Champagne in the hotel's Louis² Bar
- Two stylish l'en-K de Caviar® packs (www.enkdecaviar.eu)
- Context Travel's 'Baguette to Bistro' walk (available weekdays and Saturdays)

An overnight stay with all of the above but excluding the Context Travel walk costs from €388
